Parents' Day to Entertain, Inform, and Acquaint Folks; Carleton Will Be Vike's Grid Opponent

Dinners, Convocation, Program Will Precede Last Home Game

Previously known as Dad's Day, the annual Lawrence Parents' Day is tomorrow, October 31. The name has been changed to make the moms welcome also.

Chairmen of the Parents' Day committee, Kathy Karst and John Hackworthy, sent letters to the parents of all Lawrentians.

A parents' convocation at 11 a. m. Saturday morning in the Music-Drama Center will start the festivities. After a talk by Dr. Knight, a short program will further acquaint the parents with Lawrence College.

Parents are encouraged to eat in the dorms or fraternity houses with their sons or daughters. This is intended to enable the parents to see the atmosphere in which the students live and eat.

The highlight of the day is the football game with Carleton at Whiting Field. The favored Vikes take the field at 1:30 p. m. for the last home game of the season. Details are in the sports section.

Following the game will be a reception at the Union for the parents.

(Schedule on Page 2)

Delts, Thetas Entertain Kids At Spook Party

Wednesday night was the night of witches and cats, goblins and ghosts, cornshocks and pumpkins for some Appleton children this year. About forty-five underprivileged children, many of whom attended last year, returned again for the annual Delt-Theta Hallowe'en party. Again the children were picked up at their homes and taken to the Delt house. Wearing paper hats and Hallowe'en masks, the children (actives and pledges, too) took part in apple bobbing and musical chairs or watched cartoons. Of course, there was plenty of pop, doughnuts, and candy on hand. At 10 o'clock the party ended and forty-five children, hands filled with prizes and sticky goodies, tummies filled with pop and doughnuts, and memories filled with costumes and fun, returned home. It is difficult to say whether the Theta cats and Delt goblins or the children had more fun.

"Beats" to Gather At Beaux Arts Hall In Costume Affair

There's to be a gathering of the clan next month!

The Beaux Arts Ball will be sponsored Saturday, November 14, by the beatniks of Lawrence's Art Association.

It is rumored that the faculty will be on hand to assist with some spontaneous entertainment that evening at the Worcester Art Center.

From 9:00 to 1:00 a. m. there will be dancing, combos, a selection of Arabian, European and American coffees, perhaps some "beet" decor, and who knows what else!

So put on your black tights, let down your hair, throw away your inhibitions — and join us! It's 1 dollar for couples (so's a membership in Art Association) FREE to all Association members, and 50 cents per person.

Yale Prof to Talk to Faculty, Students On Grad Program

Dr. Gerard R. Wyatt, professor of biochemistry at Yale University, will visit Lawrence College November 2 to confer with students and faculty about the graduate program in sciences at Yale.

From 2:00 to 3:45 p. m., Dr. Wyatt will confer with any students interested in discussing graduate school requirements and opportunities in science at Yale. He will be available in room 305 Science Hall.

Dr. Wyatt will give an informal speech at 4:00 p. m. in room 200 in Science Hall on the subject: "Biochemistry and the Metamorphosis of Insects." In this lecture he will present the methods of investigation used in attempting to solve a scientific problem and some evaluation of the significance of research to a scientist. All interested students are invited to attend the lecture.

Knight to Go To Meeting on Campus Housing

Dr. Douglas Knight will travel to Chicago October 30 for a meeting of a new committee set up by a sub-group of the Ford Foundation, as a research center for American educational institutions.

The creation of adequate housing facilities for campus dwellers will be the subject of this meeting, and Dr. Knight is one of three college presidents included in a group of 10 advisers. The others are all technical consultants. The Edgewater Beach Hotel is the site for the meeting.

The seven men pictured above represent the senior members of the 1960 Lawrence Viking football team. These men and two others who are not pictured will take part in their last home football game. Pictured from top, left to right, are Chuck Scruggs, halfback; Mike Gilboy, fullback; Gary Seovel, fullback. In the second row: Co-captain Rick Ramsey, quarterback; Doug Millard, guard; Gil Sutherland, guard; and Co-captain Dave Hackworthy, center. The two seniors not included are Doug Logan, an end, and Mark Rodman, a guard.

Ullian, Six Others Organize Indian Recreation Program

Seven Lawrentians, headed by Art Ullian, head of LUC, traveled to the Oneida Indian Reservation October 25, to organize a program of recreation for the teenagers on the reservation. Those who accompanied Art include Wendy Crouch, Jane Rossiter, Pat Daniels, Al Blackburn, Jim Eastman, and Rick Price.

Art explained the reason for starting such a project, which will take place weekly: The teenagers have nothing at all to do on weekends; they have no recreation facilities on the reservation. Consequently, juvenile delinquency is prevalent throughout the surrounding area.

Students working on the Oneida project hope to start a recreation program functioning that will take up some of the spare time and provide something worthwhile for the Indians to do near home.

Both Indian boys and girls will be participating in the project. In addition to some mixed activities, the committee has

planned sports events of all kinds. Other Lawrentians will join the original seven in leading the various groups.

Brave Fall Weather

AFROTC Cadets Visit Air Force Museum

Eleven stalwart Lawrentians, members of the local detachment of AFROTC, braved ominous fall weather last Sunday when they boarded an AF C-47 at the Outagamie Airport enroute to Dayton, Ohio, and a tour of the Wright-Patterson Air Force Museum.

Although most of the trip was flown below the ceiling of 400 feet through air pockets and currents that even a duck would avoid, all of the men arrived at the famous base if not eager to eat, at least eager to see what the Air Force had in store.

Highlighting the exhibits on hand was a full-sized Atlas ICBM and several awesome needle-nosed experimental rocket crafts. A Russian MIG, the high performance jet that proved troublesome in the Korean conflict, was also displayed, as were over 40 WW I, WW II, and present day aircraft, including the huge B-36, the world's largest operational bomber.

The complete story of the Air Force and the development of its engine propulsion systems, bombs, fuselage construction, and guidance systems was inspiringly told in words and mod-

Nixon to Make Flying Visit

Vice-President Richard M. Nixon will participate in a panel discussion in the Lawrence Memorial Chapel November 13, at 10:15 a. m. Free tickets will be available for students, faculty and Appleton residents from 8:00 a. m. that morning in the Alumni Office in Sampson House and in the Business Office.

Operating on a tightly-packed schedule, Mr. Nixon will arrive in Appleton from a Wisconsin Rapids talk at 9:30 a. m. and will be on campus until approximately 1:00 p. m. He will lunch with college presidents of 27 colleges in the Midwest and senior press representatives of Wisconsin, then fly to Indianapolis.

The LAWRENTIAN will publish details of his visit as they become available. Nixon is appearing under the co-sponsorship of the Appleton Post-Crescent and Lawrence College. This team last year presented Dr. Charles Malik, president of the United Nations General Assembly.

LUC Plugged in Convo; To Hold Drive

The photograph above, taken in 1948, shows Rev. and Mrs. Yun-Ho Ye as they stood in front of the site of their proposed Mission in the slums of Korea.

Only Solicitation To Be Held at College

LUC kicked off its 1959 fund drive Thursday morning with a convo devoted to explaining to students just exactly where their donations go. Dr. Knight opened the proceedings with a speech on "charities in general."

Art Ullian, this year's LUC chairman, then gave some details concerning this year's charities, which include The American Friends Service, The World University Service, Recordings for the Blind, The International Christian University in Japan, and Rev. Yun Ho Ye's mission in Korea.

Larry Bouquet narrated some slides depicting the work of Rev. Ye in the Korean slums after which Gail Meier explained that there were LUC representatives in each of the dorms and fraternity houses to whom donations were to be turned in.

The LUC drive, which is the

The church pictured here was built by Dr. Yun-Ho Ye with the help of money donated by Lawrence college students. This year's LUC funds will assist Rev. Ye to further help the needy people of Korea.

only solicitation for charity on the Lawrence campus, will last one week and students are urged to turn in their pledge cards as soon as possible.

Stansbury Theater Will Open Season With Arthur Miller's "View From Bridge"

Opening nights are always gala events but November 11 will be a special one. This will mark the opening performance in the Stansbury Theater. To go with the special event, a fine cast will present "A View from the Bridge," Arthur Miller's play which John Chapman, NEW YORK TIMES drama critic, has called "a modern classic."

The play concerns an Italian-American family living and working on the Brooklyn waterfront. The hero is a not-overly bright but basically good man. His wife's two Italian cousins are illegally in America, and he agrees to harbor them in his home. The family is completed by the longshoreman's niece, whom he has raised as a daughter.

One of the cousins has a family in Italy; the other falls in love with the girl. By marrying her, he will no longer have to hide. The uncle, however,

opposes the marriage. This is the basis of the tragedy which is narrated by the neighborhood lawyer, "Our Town" style.

Of special interest will be the set. One setting forms the back for all the scenes. The lighting will be the "curtain" exposing different scenes.

One can get tickets using his activities card starting November 2. The box office in the MD Center is the only place tickets will be available; it will be open at 11:00-1:30 and 5:00-7:00 every day until the play closes November 14.

Original Works Are Performed at Recital

The first student recital of the semester in Lawrence College's new Harper Hall was at 3:30 p.m. today. A feature of the program was a song cycle, "Saibara," composed by senior Ronald Sindelar.

Performing in Sindelar's composition was Kay Mueller, contralto; Jean Jepson, English horn; Karin Swenson, cello, and

Ronald Sindelar, piano.

Richard Bromley's "Jazzical Suite" was also included in the program. It was performed by an octet consisting of Wayne Wirth, trumpet; James Mattern, trombone; Ronald Pellegrino, alto-saxophone; John Buchholz, bongos; Robert Bishop, bass, and Richard Bromley, the composer, piano.

Anievas Honors Con with Benefit Musical Program

Augustin Anievas, among other laurels, received in 1959 the title of "outstanding pianist of the year" out of 63 pianists in the Julliard graduate School of Music. This is known as the Morris Loeb Memorial Prize.

Including Beethoven, Chopin, Schuman, Ravel and Liszt in his program, Anievas has played with several major orchestras in this country such as the Chicago Symphony, the Boston Pops Orchestra, the Indianapolis Symphony, the Julliard Orchestra, and others.

When touring South America, this pianist received the First International Competition for Pianists award in Rio de Janeiro in 1957, as well as the Casals Scholarship sponsored by the Pan-American Union.

Pi Kappa Lambda, doing the honors for this concert, is an organization which recognizes scholarship and outstanding musical ability and achievement by giving an award to one freshman and to one sophomore each year as well as extending their membership to eligible juniors and seniors. From this benefit proceeds will go to Lawrence students in the form of financial aid.

Augustin Anievas will perform the following program:

I.
Sonata in C Minor
Opus 3 Beethoven
Maestoso
Arietta

II.
Etude in E flat Major,
Opus 10, No. 11 Chopin
Etude in C Major,
Opus 10, No. 1 Chopin
Nocturne in D flat Major,
Opus 27, No. 2 Chopin
Toccata, Opus 7 Schumann

INTERMISSION

Alborado del Gracioso Ravel
Oiseaux Tristes Ravel

Super Sub!

It's been said that the atomic submarine "Nautilus" stays submerged so long that it only surfaces to let the crew re-enlist.

Perhaps for this reason, the Navy has taken valuable space aboard the "Nautilus" for the only soft-drink vending machine in the entire submarine fleet.

Naturally (or you wouldn't hear about it from us) it's a Coca-Cola machine. And not unexpectedly, re-enlistments are quite respectable.

Rugged lot, those submariners. Great drink, Coke!

Viking Room Plans Presented at SEC; Program Pleases College

An architect has the tentative plans for the renovation of the now-barren Viking room of the Union and is preparing his estimate. At their recent meeting, members of the college board of directors seemed pleased with them.

Could we expand Dad's Day to include the neglected mothers and make the affair into a sort of parent's day? Expanding and including the Greek sing, for instance might make it a more memorable experience for mom and dad.

Art Ullian objected to the proposed SEC gift to Dr. Thomas Dooley because he said that LUC is the only official fund raising organization on the campus and that decentralization of appeal would not be good. Send personal donations to Box 2, said Ullian.

A representative of the cheerleaders mentioned that their expenses were too great, for they pay all personal expenses for trips, flowers, and other incidents.

entals. Since they represent the entire student body, the SEC promised to look into this matter as well as that of the much-wanted electric megaphone, and consult the L club for ideas.

New Equipment To Help WLFM

New facilities and equipment will facilitate WLFM broadcasting this year, said senior, Dave Langhaug, station director.

The WLFM student staff will present programs ranging from erudite discussions on Bach and Brahms to musical comedies, and all kinds between, as well as campus news and tapes of campus activities.

Interested students are invited to inquire about positions at the station and to see Dave or Ken Holehouse, chief announcer.

Keep your FM sets tuned to 91.1, for the best in quality radio listening.

The respective pledge classes of Alpha Delta Pi and Phi Delta Theta will be presented at a formal dance October 31. The dance and presentation will take place at the Appleton Elk's Hall from 9:00 to 1:00. All students are cordially invited.

Heelers Prepare for Year

Heelers elected freshman Dina Stevens president; freshman Beverly Ansink, vice-president; and freshman Linda Birch secretary at their first meeting on Monday, October 26.

Members are currently working on the set for the forthcoming "A View From The Bridge" and would like more interested men for construction, painting and scene-shifting.

Heelers work in all college productions, and accumulate service hours enabling them to enter the honorary dramatic groups. They will hold the next meeting Monday, November 9 at 4:30 in the Experimental Theatre of the Music-Drama center.

"I don't know why we're running. A barking dog NEVER bites."

Ekdahl to Pilot YGOP Functions

The newly organized chapter of the Young Republicans on the Lawrence campus elected officers at their second meeting on Monday. Don Ekdahl was elected president of the group. Tom Weber, Gus Strassburger, Molly Petersen and Judy Speer were elected vice president, treasurer, recording secretary, and corresponding secretary respectively.

The organization of the publicity committee and initial plans for the forthcoming visit of Vice-President Nixon occupied the better part of the business meeting. YGOP decided to hold meetings Monday afternoons at 4:30 p. m. in the Terrace Room of the Union. Students interested are cordially welcomed.

Pi Phis Present Pops at Party

Pi Phi and their pops—and moms, too, will dine at the Elks Club, Saturday at 5:30 p.m. The annual Pi Phi Pop Banquet will consist of a turkey dinner with the actives furnishing entertainment. Pi Phis are looking forward to their pops meeting each other and to singing songs for them.

SLABODKIN TO RETURN

Dr. L. B. Slabodkin, of the University of Michigan, will speak at a convocation, November 5. Slabodkin, a zoologist, was, according to many, the high point of last year's "Religion in Life" conference. The subject of his talk is yet unannounced.

Do You Think for Yourself?

(THROW THESE QUESTIONS INTO THE POT AND SEE WHAT COOKS*)

If your studies led you to believe you could strike oil by drilling a hole right in the middle of the campus, would you (A) keep still about it so people wouldn't think you were nuts? (B) sell stock in the proposition to all your friends? (C) get an oil man interested in the idea, even if you had to give him most of the profits?

A ☐ B ☐ C ☐

"A watched pot never boils" means (A) the man who made such a statement never watched a pot; (B) if you don't want the stew to boil over—watch it! (C) you can't hurry things by worrying about them.

A ☐ B ☐ C ☐

If you saw a girl perched up in a tree reading a book, would you say, (A) "Timber!" (B) "Is the light better up there?" (C) "Will that branch hold two?"

A ☐ B ☐ C ☐

Assuming cigarettes could talk, would you listen to (A) a filter cigarette that talks only about its taste? (B) a weak-tasting cigarette that talks about its filter? (C) a filter cigarette that lets its advanced filter design and full taste speak for themselves?

A ☐ B ☐ C ☐

Next time you light up, take a moment to think about what you really want in your filter cigarette. Most men and women who think for themselves choose VICEROY,

the cigarette with the most advanced filter design of them all... the one cigarette with a *thinking man's filter* and a *smoking man's taste*.

*If you checked (B) in three out of four of these questions, you're a pretty smart cooky—but if you checked (C), you think for yourself!

The Man Who Thinks for Himself Knows—
ONLY VICEROY HAS A THINKING MAN'S FILTER... A SMOKING MAN'S TASTE!

©1959, Brown & Williamson Tobacco Corp.

Game Starts at 1:30

Vikings to Host Carleton; Look for Dad's Day Win

With victory first in their minds, the Lawrence Vikes make their final Whiting Field appearance of the season tomorrow as they face Carleton in a Dad's Day contest. Coach Bernie Heselson plans to have his boys in top physical and mental shape for this one. "We have always played well for Dad's Day, and the squad is in fine shape after last week's game," he said. He cited also that not a single man sustained an important injury in the Coe game. "The Vike fine showing in this game, although in a losing cause," he added, "has definitely enhanced our chances for a winning season." Thus Coach Heselson feels confident the Vikes can meet their powerful opponent evenly.

The opponent, however, cannot be taken lightly. Their record is the same as the Vikes but, one of their victories was over Ripon which had an easy time with the Vikes, and another over Knox who beat the Vikes 8 to 7. Two of their defeats have come at the hands of two of the league's powerhouses, Cornell and St. Olaf. Their third loss, however, was at the hands of Grinnell, a team the Vikes had no trouble mastering.

They have restricted their opponents to but 60 points in the six games, while the Vikes have allowed 82 points. However, they have scored but 63 points, compared with the 93 scored by Lawrence.

The Carleton squad boasts 17

returning lettermen in his large 40 man squad and this should have quite a depth advantage over the Vikes. Among the returnees is George Williams, a lineman from Hibbing, Minnesota, who was All Conference last year as a junior. Co-captain Jon Larson, is also a highly-touted lineman at guard. Tom Beech, junior fullback, is the team's most consistent ground gainer.

Tomorrow's game is important in still another aspect. Last year the Carls tied up the annual series between these two scholastic rivals, which dates back to 1927 at 14 victories apiece. The Vikes will be out before this Dad's Day crowd to bring the series edge back into Lawrence hands.

Pinkerton Wins Fifth Race

Harriers Beat La Crosse; Season Record Now 4-1

By BOB DOERK

Tad Pinkerton won his fifth consecutive race of the year as he led the Lawrence harriers to their fourth straight victory by defeating LaCrosse 23-34. The race was held on a "long" three mile course at LaCrosse which was very hilly. The weather conditions, which have been adverse for most of the meets this year, continued to be far from ideal as it was a cold, rainy day.

The Vikes won three of the first four places in the meet as Ron Simon and Bill Stout finished third and fourth respectively. Dick Trickle, a promising LaCrosse sophomore, was second. The Vikes now have a 3-1 Conference mark and are 4-1 overall.

Next week is the last dual meet of the year for the Lawrence harriers. The Vikes play host to Carleton and this shapes up as the toughest meet of the year. Carleton is undefeated, and holds a victory over Grinnell, the only team to defeat Lawrence.

It must be remembered that the Vikes were not at their best physically for Grinnell, but now with the appearance of Chuck Collins and Jim Jordan in the lineup, the Vikes are fielding their seven best men. According to a veteran team member the Vikes have three excellent runners (Pinkerton, Simon and Stout) but lack depth behind them. However, with Collins

and Jordan running themselves back into shape, the Vikes will be strengthened in this department.

On the other hand, depth is Carleton's strong point, as they have a well balanced team, and are favored to take Conference laurels this year. They are led by seniors Ted Wahlfeld and Bob Bennett. The contest, to be held at Reid Memorial Golf Course, will be a highly interesting contest. It may well determine the conference favorite at Chicago on November 2.

Results last week:

1. Pinks, 16:40.
2. Trickle, Lawrence.
3. Simon, Lawrence.
4. Stout, Lawrence.
5. Schlazer, La Crosse.
6. Myers, La Crosse.
7. Traver, Lawrence.
8. Collins, Lawrence.
9. Bond, Lawrence.

The Contributor editorial board is now accepting petitions for all Juniors and Seniors who would like positions on the board. Would those interested please write a short piece (no more than one page) concerning their criteria of literary criticism. Submit this to Tony Bok, Delt House; Linda Ohlander, Colman; or Ted Steck, North House. This is due on or before November 9 at 6:00 p.m.

VIKING EDDA

By AL SALTZSTEIN and JEFF KNOX

Thank You, Coach Boya

Three cheers for Mr. Don Boya for putting his foot down and stopping what could have been a deplorable situation on the campus. By returning the touch football league he not only made order from chaos, but has reversed a precedent which could have caused Lawrence much humiliation and disgrace.

What was the seriousness of this ruling which the fraternities so hastily made two weeks ago?

It was not perhaps that one fraternity would lose a few trophies; no, it was much more serious than that. By voting in this way, the fraternities could easily have killed the whole interfraternity program at Lawrence. Who is going to want to spend valuable time to play a rough, bruising game when, at the drop of the hat, the league will vanish into smoke? This attitude would have prevailed in all sports had that ruling been allowed, and eventually there would have been no more games.

But so what? one might say. So there are no interfraternity games, how will this hurt the school? So there would be no treasured trophies hanging in the fraternity houses. So there would be no awards day convocation.

So there would be no "Let's go out and really show the Phis how to play ball." So there would be no interfraternity spirit. So there could eventually be no school spirit.

We hope this little episode will serve fair warning to the fraternities the obligation they have to preserving a good interfraternity athletic program. The success of the program is purely up to them and their director. To repeat the words of Coach Boya again, "Let's have no more action without thought."

Here Comes Win No. 4

The Vikes did a fine job last week although defeated. Their opponents were a strong squad, far stronger than any they have faced or will face this year. Yet the Vikes met them head on, and could easily have won had the breaks come their way. By scoring 14 points against them, Lawrence has accounted for half of Coe's opposing points in their first six games. They looked tough last week and we're hoping they look tough again tomorrow. If they do, it will mean Vike victory No. 4. In this week's action we predict:

Lawrence over Carleton
Coe over Beloit
Cornell over Grinnell
Ripon over Knox
St. Olaf over Monmouth
Wisconsin over Michigan
Oklahoma State over Marquette

Last week: Six right, 1 wrong. Season record, 20 right, 7 wrong.

"Frat Move Illegal," Boya; Will Give Trophy, Points

In a surprise move, Mr. Don Boya, faculty director of inter-fraternity athletics, declared that the recent decision by the fraternities to drop touch football was illegal and that "at least the trophies and points would be awarded." He went on to say that "the fraternities have no right to handle the program as they see fit. The intramural sports program at Lawrence is vital to the school and has been a tradition here for some time. This was definitely a case of action without thought."

Because of Dad's Day and other conflicts, the All-School Trap Shoot, originally planned for this Sunday afternoon, will be postponed until this spring. Coach Denny hopes that as several hunting seasons are now open, many students will use this time for hunting.

Boya was quite disturbed that he had not been notified of the move. He learned of the decision only through the article in last week's LAWRENTIAN. He added that a meeting would be held in the near future with the athletic representatives of the fraternities, the student head of the inter-fraternity athletics, and himself to decide just what

is to be done.

This decision had preceded much confusion and discussion resulting from the meeting. With the season nearly half over the athletic representatives had voted 5 to 1 to abandon the league, and award no points or trophies. Delta Tau Delta, leading the league at the time was the lone member to vote against the proposal. It now appears likely that the first round of play will be completed and the trophies be awarded on that basis. Only one game remains of the first round.

VIKES BOW 22-14

Kohawks Tip Vikes; Scovel, Landis Star

The Lawrence Vikings pushed Coe College to the limit on Saturday, October 14, but were narrowly beaten 22-14. The defending MWC champion Kohawks took advantage of a blocked punt, a short punt and one long march to hand the Vikes their third setback in six starts. The loss shoved the Viking eleven into a three-way fourth place tie.

The Vikings started off as if an upset were in the making. On the second play of the game, Jim Schulze's pass was barely beyond the out-stretched fingertips of Mike Ulwelling who had gotten well behind the Kohawk defenders on the Coe 40. Lawrence then got off a bad punt, only to the Viking 34.

From there it took the hosts just five plays to score with fullback Bob Topping carrying the last seven. Justy Watson ran the two-point conversion. The teams traded punts for the remainder of the quarter, and when the gun sounded the score was Coe 8 Lawrence 0.

The second quarter was just barely underway, when Schulze got off a perfect punt on the wind-swept field that landed inches from the goal line. Moments later Watson fumbled on his own seven and Dave Hackworthy recovered the loose ball for Lawrence. Three plays later, Bob Landis scored from the one. A running try for the conversion was missed. At the end of the first half, it looked like a tight ball game with Coe leading Lawrence 8-6.

The third quarter was a see-saw affair, with the only scoring coming when Schulze was chased back eleven yards and tackled in the Vike end zone. The safety gave Coe a 10-6 lead going into the fourth quarter.

Coe started a sustained drive late in the third quarter, and when the final stanza started the Kohawks had the ball on the Lawrence 4. Topping scored his second six-pointer of the

afternoon on the first play of the quarter on a four yard run. Later in the quarter a Lawrence punt was blocked on the Vike 47. Quarterback Keith Rusher then engineered another Kohawk drive. Rusher himself carried the last yard to a score. The try for point on both Coe touchdowns was no good.

On the first play after the ensuing kickoff, Landis found Gary Scovel in the flat and hit him with a pass. Scovel then proceeded to race sixty yards through the entire Coe team to score a touchdown. Schulze hit Scovel with a pass for the two point conversion. The Vikings got another drive started but this drive was halted by the gun. The final score was Coe 22 Lawrence 14.

Lawrence	0	6	0	8-14
Coe	8	0	2	12-22

Scoring:

Coe: Topping 2, (7 yard run, 4 yard run), Rush (1 yard run), EP Watson (run).

Lawrence: Landis (1 yard run), Scovel (60 yard pass-run from Landis), EP Scovel (pass from Schulze).

HEELERS ELECT

The Heelers chose the following officers at their meeting October 26: Dina Stevens, freshman, president; Beverly Ansink, sophomore, vice-president and Linda Burch, freshman, secretary.

As the brothers gather around, Jim Keldsen demonstrates the way in which he "revived" John Van Meter in a recent interfraternity football game. The sport was dropped by the fraternities when lack of proper refereeing resulted in too many injuries. See page 4 for the reaction of the faculty head of interfraternity athletics, Don Boya.

Frosh Footballers Blanked, 14-0; Flom Stands Out, Penalties Hurt

The Freshman football team lost a heartbreaking 14-0 game on Thursday, October 22, at Beloit. This was the second time in as many starts that the squad has failed to break into the scoring column. Many golden opportunities were presented to the Vikes, but penalties and bad breaks prevented them from scoring.

Fred Flom was the individual standout for the freshmen, gaining 116 yards in 14 carries for an 8.3 average. Two long passes from quarterback Gary Just to Howie Hamann were called back; both of them putting Lawrence inside the Beloit 5 yard line. Just completed a 50 yard pass play to Lee Smith in the third quarter. Four plays later Just attempted a field goal which fell just inches under the crossbar.

Also in the third quarter, Beloit blocked a Fred Flom punt

at the Lawrence 30 yard line. The ball rolled all the way into the end zone where a Beloit player fell on it for the score. The run for the extra point failed.

Three times the freshmen moved the ball within the Beloit 15 yard line and three times they were turned back by the Beloit defense. Defensive standouts were co-captain Tom Schinabeck and Dick Brostrom, both linebackers and lineman George Stanton.

The unofficial statistics:

	L.	B.
First Downs	11	15
Fumbles	0	0

from your PRESIDENT

This past week the SEC submitted a proposal to the Faculty Committee on Curriculum which, if approved, would establish the Curriculum Communications Committee.

At last year's Encampment there was a good deal of discussion about the possibility of greater student expression in the area of curriculum at Lawrence. There had been several announcements by the faculty in regard to the '59-'60 curriculum and many students were upset over the changes. Most of the ill-feeling originated from ignorance of the reasons for the faculty policy. As a result, it was the general sentiment of students at the Encampment that something should be done to permit students to express their opinions in some type of formal communication with the faculty.

The SEC worked out the details of an organization that would fulfill the needs of the student body and that would be acceptable to the faculty. The result was the Curriculum Communications Committee. Last Monday the following proposal was made to the faculty:

- I. That the CCC be established for the purpose of aiding the Faculty in discovering student views on various problems of curriculum.
- II. That the CCC be composed of three seniors from different departments, one underclassman and a faculty member.

The result of the faculty meeting was a compromise. The faculty agreed to give the CCC a trial run until February in order to determine the worth of the organization after it has functioned for a period of time.

It must be understood however, that this group will have no power to act on anything. It is only, as the name implies, a communicating committee. But it is our hope that the CCC will be able to accomplish a much needed service to the Lawrence community. The next few months will indicate if the group is a good one, and it will be a good indication of your interest in its success. If you will support the CCC, I think you will benefit from it, and you will help to insure its continued functioning at Lawrence.

Full Speed Ahead!

The Administration and Union Committee have clarified the confusion which arose over funds for the Viking Room improvements. There are college funds available for renovations. Plans have been presented to an architect who is now working on estimates for equipment.

Bill Whitmore, co-chairman of the Union Committee, told the LAWRENTIAN that plans are now moving along satisfactorily. He went on to report that the college is firmly behind the redecoration of the room and have already tentatively approved the original plans through the Board of Trustees.

After talking to Mr. Harlan Kirk and Dean Robert Hubbel, the confusion over the funds, which were thought to be available last year, was resolved. There were no funds specifically earmarked for the project last spring, but the college did suggest that it would back the students in the renovations. They are now making good their promise and the project is moving along "full speed, ahead," according to the Union Committee.

Several individuals and student groups, however, have approached members of the administration offering their suggestions for money-making projects to help with the project. The administration certainly appreciates any such student interest as it feels that working toward the project's fulfillment will generate enthusiasm.

John Stack deserves applause for drawing up the blueprints of the proposed changes; Helen Edelhofer and Bill Whitmore deserve thanks for their continued efforts on behalf of the students in getting the project underway.

* * *

Our thanks go to "A Freshman Studies Instructor" for comments and suggestions concerning the LAWRENTIAN. We appreciate faculty interest and constructive criticism and hope you will find improvement.

The MELTING POT . . .

TO THE EDITOR:

From appearances, it would seem that industrial placement for college seniors is more important to Lawrence College than graduate study. This disillusioning discovery came to us in attempting to secure adequate information for graduate scholarships and fellowships. Although the college should be interested in furthering the education of its students, we have found what little assistance has been offered to be sadly lacking.

Thousands of corporations and foundations provide generous financial grants but only three or four of the major and best publicized programs are brought to the attention of the average Lawrence senior.

This is not to disparage Dean Hubbert, for it seems illogical to add the task of counseling prospective graduate students to his already heavy responsibilities. The college puts such effort into industrial placement; surely graduate study is deserving of at least equal emphasis.

While a school such as Pomona College (California) is able to provide its seniors with a prepared list of available grants, their sources, and other pertinent information, we have received only general encouragement with little precise data as to how or when or where to apply for any but the major awards.

One might argue that it is up to the individual to take the initiative in this matter but it is to the best interest of the college to provide at least basic assistance and not leave that initiative totally frustrated.

Not only should the college be aware of the prestige value of such fellowships, but it should recognize its great responsibility to any student seeking higher education.

Simply because the foundations do not recruit their recipients, and therefore do not require the organization demanded by industrial placement, the college must not treat lightly the importance of fully disseminating adequate information regarding this aspect of its students' futures.
